

Suman Electricals

**MANUFACTURER SUPPLIER & EXPORTER OF
A WIDE GAMUT OF SUPERIOR-GRADE
TRANSFORMERS WINDING WIRE, STRIPS,
METAL PARTS & THEIR ACCESSORIES**

ABOUT US

Established in the year 2004, we, "**Suman Electricals**", are an ISO 9001:2015 QMS certified company engaged in manufacturing, supplying, exporting, and wholesaling a wide gamut of superior-grade Transformers winding wire ,strips, metal parts & their accessories. Our experienced professionals have manufactured the entire range of Products by employing optimum grade **RAW MATERIALS** and ultra-modern techniques. Further, these products are designed & developed by our professionals in accordance with the international quality standards & norms. To meet the exact requirements of clients, we offer these Products in various grades, standards, dimensions and other specifications. Highly known for their robust construction, **DIMENSIONAL ACCURACY** and temper proof properties, Our Products are widely in demand in Transformers industries.

We have developed a state-of-the-art infrastructure facility, which enables us to carry out all business operations with ease. Our facility is well-equipped with the latest machines and technology, which helps us in executing all business related activities without any hassle. Further, to handle business processes efficiently, we have appointed a team of competent professionals. These professionals hold vast knowledge & experience of this domain that help us in meeting the requirements & expectations of patrons. Owing to our modernized facility and sincere efforts of our professionals, we have mustered a huge client-base all across the globe and we export our products over the worldwide market we have been successful in gaining a reputed stature in the market. Hid vast industrial knowledge and experience of this domain have enabled us to stay ahead of our counterparts.

With the sole mission of providing complete satisfaction to our clients, we strive to go beyond the expected and come out as a winner in delivering quality products. Managed by a proficient team of engineers, we have carved a niche for ourselves in the domestic & International market. With timely delivery of the products and competitive prices as our hallmark, we have successfully created a network of eminent clients, who come back to us for more & more orders. We are always on the vanguard in making innovations and improvements based on the valuable feedback and comments posted by our customers.

WHY US?

Some of the salient features that stands us apart from the rest are:

- **Unmatched price advantage**
- **One of the major component suppliers**
- **Bulk stocking facility**
- **Stringent adherence to delivery schedules**
- **Ultra modern machining capabilities generating superior products**
- **Fastest response time to clients query and meeting the work order demands**
- **Consistent quality and total reliability in our products**

OUR PRODUCT RANGE

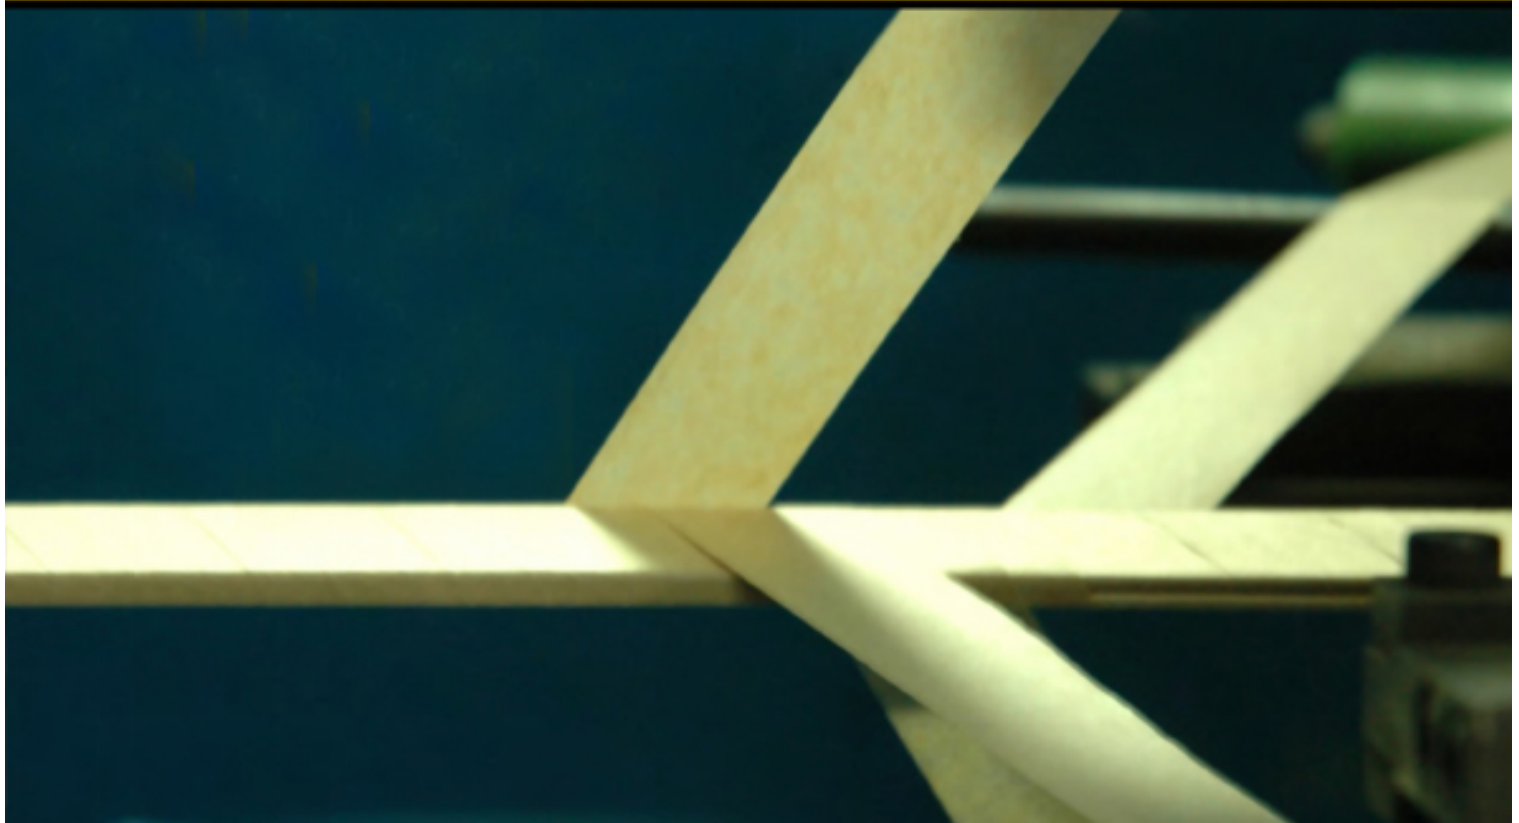

(METAL PARTS & ACCESSORIES)

- HV & LV METAL PARTS For 10 KVA TO 20MVA (BRASS, COPPER & ALUMINIUM)
- CLAMP MEMBER 10KVA -20 MVA
- ARCHING HORNS 10KVA-20MVA
- SILICA GEL BREATHER UPTO 10KG
- CONNECTORS (ALUMINIUM & BRASS)
- WTI & OTI
- MOG (MAGNETIC OIL LEVEL GAUGE)
- BUCCHOLZ RELAY(GAS OPERATED)
- LUGS UPTO 40 MM (BRASS & COPPER)
- COTTON TAPE (20MM TO 32MM)
- WEBBIN TAPE (20 MM TO 40 MM)

Insulated Conductor (WINDING WIRE & STRIPS)

Rectangular & Round Paper insulated as well as super enameled conductors of various types are used as winding wires in a variety of high voltage applications such as, Oil filled Power & Distribution Transformers, Dry Type Transformers, servo stabilizers, dimmers boosters etc

- DPC ALUMINIUM WIRE
- DPC ALUMINIUM STRIP
- DPC COPPER WIRE
- DPC COPPER STRIP
- SUPER ENAMELLED WIRES OF ALUMINIUM & COPPER

OUR ESTEEMSED CUSTOMER
